

# They don't play doctors on TV.

They save real lives in our community every day and need your support. Help ensure your hospital and doctors have the best equipment possible.

Pick up a donation form at the Foundation office (located beside LifeLabs) or at the Hospital Switchboard and give to the Groves Hospital Equipment Campaign today.

**Real doctors need real equipment.** Read about your doctors and the work they do at [www.donategroves.ca](http://www.donategroves.ca).
